

7 Social Security Changes for 2024

With the exception of railroad workers*, social security benefits are something that affect just about all of us. The link below offers a brief review of the titular *7 Social Security Changes for 2024* and if you're already receiving social security benefits, you're already aware of the first change, a 3.2% Cost Of Living Adjustment. Of concern for all Social Security recipients is the 2nd paragraph under "Program Funding...". As is mentioned in the commentary, this change doesn't happen until 2033 but it is something that we can talk about in your annual review. For those who have yet to file for Social Security benefits, when to file is particularly important, and again, that is a subject that we can discuss in your annual review.
